

Class Action Lawsuit Against SEIU

When SEIU **decided to collect Fair Share Fees (FSF)** from Non-Members, SEIU **agreed to provide its detailed and itemized Operating Statement (detailed expenses) as provisioned and mandated by the Dills Act.**

For the last 11 years, SEIU has collected the *FSFs*, but **failed to provide** its detailed financial transactions. This constitutes **violation of the law and breach of contract** with Non-Members.

Therefore, in the last 11 years, SEIU has **illegally collected approximately 210 Million Dollars** from the Non-Members.

We are in process of organizing to **file a Class Action Lawsuit against SEIU** to get back the illegally collected *FSFs* during the last 11 years.
